

MOORESVILLE ALCOHOLIC BEVERAGE CONTROL BOARD
Budget for the fiscal year 2013/2014

June 1, 2013

RE: BUDGET MESSAGE

To the Mooresville ABC Board

The Annual Budget for the fiscal year July 1, 2013 through June 30, 2014 (FY13/14) has been prepared in accordance with anticipated changes to North Carolina General Statute 18B-702 "Financial operations of local boards." The ABC Board determines, through adoption of an annual budget, the level of customer services that the ABC system will provide and the resources available for operations and capital projects.

The primary drivers during the preparation of this budget included projected operating costs required to sustain acceptable levels of customer service during fiscal year 2013/2014; and the need for revenues sufficient to fund capital improvements as well as to provide distributions to beneficiaries.

Projected operating revenues remain the same as 2012/2013.

The budget consists of projected revenues from liquor sales and other receipts of \$7,802,482, taxes related to income of \$1,872,595, cost of sales of \$4,057,290, operating expenses costs of \$1,109,597, capital outlay of \$25,000 and income distributions of \$738,000.

Highlights of the Budget: Key elements include:

- No sales increases are projected because of the uncertainty of the economy.
- The assumption was that no debt will be obtained.
- There will be approximately \$25,000 of capital improvements
- Pay increases of 3% have been granted.

Debt: The Board does not have debt at this time; there is no anticipation of incurring any additional debt during the budget year.

Priorities and Assumptions:

- The Board's primary source of revenue is through the sale of spirituous beverages. A key assumption is that amount of expected sales are to remain the same. Revenue projections are calculated using expected sales growth or decline combined with historic sales figures.
- The Board's books and records are maintained based on the Enterprise method of accounting, which is different than the Fund method of accounting used by many government entities.

Priorities and Assumptions(continued):

- NC ABC Commission Rules (4 NCAC 2R.0902) define “working capital” as “the total cash, investments and inventory less all unsecured liabilities.” Also, “a local Board shall set its Working Capital requirements at not less than two week’s average gross sales of the latest fiscal year nor greater than three month’s average gross sales of the latest fiscal year. Gross sales means gross receipts from the sales of alcoholic beverages less distributions as defined in G.S. 18B-805(b)(2), (3),and (4).”
 - For the period July 1, 2012 through April 30, 2013,
 - Minimum – two week’s average gross sales for the current fiscal year equals \$190,470.
 - Maximum – three months average gross sales for the current fiscal year equals \$1,238,055.
 - Actual Working Capital as of 4/30/2013 was \$1,121,412.
 - In addition to providing for operating expenses and distributions, and Board must retain a level sufficient to “seed” future capital improvement and expansion cost.

Staffing Summary:

The Board has authorized a total of four full-time and 27 part-time positions.

Recommendations for Future Budget Considerations:

- Create a ten-year operation/strategic plan to determine future financial requirements of this Board.
- Develop financial performance standards specifically for this entity.
- Establish a fixed percentage of net income (after required distributions) that the Board needs to ensure adequate assets for future expansion and improvements.

Conclusion:

The budget reflects the Board’s commitment to fulfill its mission based on known information.

Budget Officer
