The Town of Mooresville offers an assortment of recreational activities through parks, sports fields, recreation centers and downtown citizen center. The Town's most visited facility, however, is the Mooresville Public Library. The Mooresville Public Library averages over 20,000 patron visits every month. This does not include online usage, where many of the library's services and information are available.

Several of the most popular library programs are offered every month, and there is a program for every age. Library programs also include appealing activities for many interests, and they are all free of charge.

Among the newest and most popular programs is Coffee and Coloring for Grown-Ups. Every Tuesday at 2 p.m., adults are invited for a relaxing activity, coffee and conversation.

Another popular program is the Knitting Group, which meets every Thursday at 2 p.m. All ages and experience levels are welcome in this course to create, share and enjoy new crafts.

A third specialty program offered at the library is Reading with Baron. Entering its third year, the youth services department offers children the chance to read to Baron, a long-haired German Shepherd who is a certified therapy dog. Baron visits the library for an hour every Tuesday afternoon at 3:30 p.m.

Specialty programs in February include:

#### Stay & Play - February 3 & 24 at 10:30 a.m.

Drop in with your little one for free play time. Enjoy the tunnel, stepping stones, kitchen and lots more. For children ages Birth - 3 years.

#### Love is in the Air - February 10 at 11 a.m.

Make fun Valentine's Day crafts including a hearts, bumble bees and more. For children ages 3 - 5, and registration is required for this event.

#### Going to the Dogs - February 14 at 11 a.m.

Meet other dog lovers and participate in dog-themed activities, such as making homemade treats and toys for your furry friend. Open to adults.

#### Learn & Play Sensory Story Time - February 18 at 11 a.m.

A 30 minute interactive program designed for children ages 2 - 10 with developmental disabilities and challenges (all inclusive). A parent/guardian/caretaker must be present. Registration is required.

#### Acts of Kindness Club - February 21 at 4:30 p.m.

Create simple projects for others in the community (assisted living center, humane society, etc.). For children in graded K - 7th, and registration is required.

#### Create & Learn - February 28 at 10 a.m.

This activity is for adults with special needs or learning disabilities. Have fun and make new friends while exploring different creative activities.

For more information on any of these or other programs offered at the library, call 704-664-2927.

With 2017 in full swing, our country seems to be in a period of transition at all levels. On January 1, Roy Cooper was sworn in as the next Governor of North Carolina and three weeks later Donald Trump was sworn in as the 45th president of the United States. This article will not delve into political views, but rather focus on the blessings that we, as citizens of the Town of Mooresville, have.

One of those blessings is the quality of people leading Mooresville through the transition to a new Town Manager. As Deputy Town Manager Angel Wright-Lanier mentioned in last month's article, Mooresville was fortunate to have a man with Erskine's experience, vision and passion for his local government and community. Erskine's legacy will be seen for generations to come in all areas of Mooresville.

As we are now in the interim process, the Mooresville community is privileged to have a highly-qualified person to maintain Town business while the Town Board continues the search for a successor.

David Treme is the Interim Town Manager, and he shares Erskine's passion for public service. He was the City Manager of Salisbury for more than 25 years. He currently serves as a Senior Advisor for the North Carolina City/County Management Association and the International City/County Management Association.

He believes community service and community involvement go beyond the work we do as public servants. This belief is exemplified by David's involvement in the United Way, Salvation Army and Rowan Christian Assembly Church. His focus is on maintaining the strong customer service the Town already has and introducing his servant leadership model.

We, as a Town, are not only fortunate from a leadership standpoint, but also with the great projects that make Mooresville an ideal place to live, work and play. The golf club clubhouse is set to be finished in April, and combined with the course itself these will be tremendous assets to the community.

From an economic development standpoint, the new industrial park is open and has its first tenant,

Maclean-Fogg, with additional acreage available for future businesses.

Development continues to be strong with several new residential subdivisions and restaurants currently under construction. The Town is in the process of constructing the Patterson/Bell Street and Mooresville School Network Sidewalk and Utility projects.

The Town will soon be involved in the construction of several transportation projects at 115/150, Faith Road/115, 150/801 and Statesville Avenue/Main Street. Also this year a large community project in the Mill Village will improve road and utility infrastructure in the area.

Mooresville is similar to our state and country as we both seem to be in a state of transition. However, unlike most places, Mooresville is blessed because during these periods we have leaders in place that see a long-term vision for the Town.

I'm confident the next Town Manager will pick up where Erskine and David leave off. I wish you all a year that focuses on the many blessings that living in Mooresville provides.

Ryan Rase  
Deputy Town Manager
